ABOUT GROWTHPOINT PROPERTIES AUSTRALIA  
INVESTMENT PORTFOLIO OVERVIEW

Growthpoint Properties Australia invests in quality investment properties in prime business locations in Australia for a rental income that grows over time.

Growthpoint Properties Australia (the Group) is an ASX listed real estate investment trust or A-REIT with internalised management via a stapled entity structure (ASX Code: GOZ) and has a mandate to invest in Australian commercial property in the industrial, office and retail sectors.

Our philosophy is to be a pure landlord. The Group invests in quality investment properties in prime business locations in Australia for rental income that grows over time.

## Key features

- > A portfolio of 32 properties, geographically diversified within Australia, with a value of \$928.5 million (valued as at 30 June 2010 on a pro forma basis).
- > Property assets are located in each of Australia's mainland States, in proximity to key infrastructure, particularly the respective CBDs, ports, airports and/or major arterial road networks.
- > A pure Australian property investment focus, with no offshore assets.
- > A weighted average lease expiry of approximately 9.3 years (as at 30 June 2010 on a pro forma basis).
- > Quality tenants, including Woolworths (48% of income), Coles Group (8%), Sinclair Knight Merz (6%), Star Track Express (4%), and MacMahon Contractors (3%).
- > 100% occupancy across the Group's property portfolio.
- > A debt facility maturity on 30 June 2012 and a policy of fixing the interest rate on at least 75% of debt.

## Strategy

- > **100% investment in Australia** – all of the Group's investment properties are located in Australia where our management understands the key markets.
- > **No funds management** – the Group does not have a funds management business, nor does it intend to become a funds manager. The Group intends only to manage properties that its security holders own and, accordingly, the Group's income is, and will continue to be, derived solely from rental income rather than funds/asset management fees.
- > **Not a developer / develop to own** – the Group does not operate a property development business. It may purchase a property to be developed, fund construction of a development, or enter a joint venture where the Group becomes the ultimate owner of the property (or retain an interest therein) on completion of the development and where pre-commitment lease contracts are in place. The Group will not undertake speculative developments or develop properties for the purpose of selling to third parties.
- > **Internalised management** – the Group has internalised management via a stapled entity structure. Security holders of the Group own both the property trust and the manager/responsible entity of the property trust. There are no fees payable to third-party or external managers for operating the business.

## Growthpoint Properties Limited (South Africa)

The major security holder is Growthpoint Properties Limited of South Africa (Growthpoint SA). Growthpoint SA is an internally-managed property investment group, incorporated and registered as a public company and listed on the Johannesburg Securities Exchange Limited (JSE). Growthpoint SA is included in the JSE Top 40 index, the FTSE EPRA/NAREIT Emerging Index and the MSCI Emerging Market Index. Growthpoint SA is the largest listed property group on the JSE and has property assets valued at approximately A\$5 billion and a market capitalisation of approximately A\$4 billion.

## Outlook

The Group continues to seek investment opportunities to diversify the property portfolio by sector and geography via direct property acquisitions, property portfolio purchases and merger and acquisition opportunities where these transactions are considered to be of value to all security holders.
