

Half year results to 31 December 2010

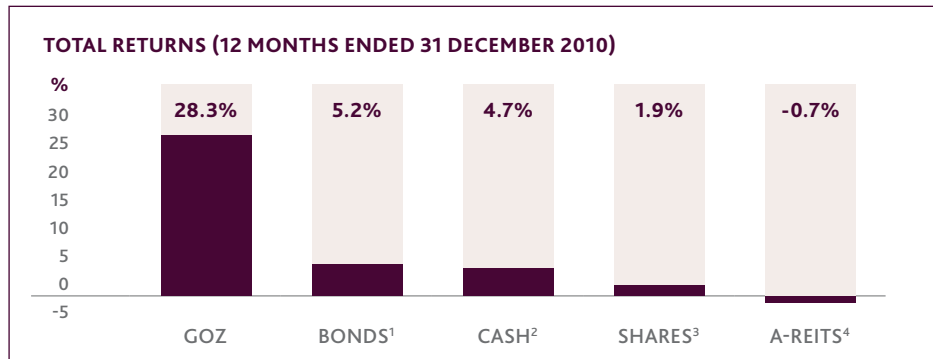

Growthpoint Properties Australia ("the Group") released its half year results on 22 February 2011. The main points included:

- > Statutory profit of \$24.85 million and distributable profit of \$15.8 million.
- > A distribution of 8.4 cents per GOZ stapled security (holders of GOZNA received a pro-rated distribution of 4.5 cents per GOZNA stapled security).
- > \$218.1 million expansion of the Group's property portfolio through acquisitions in Queensland and South Australia taking the portfolio value close to \$1 billion.
- > Stable net tangible asset backing of \$2.03 per stapled security.

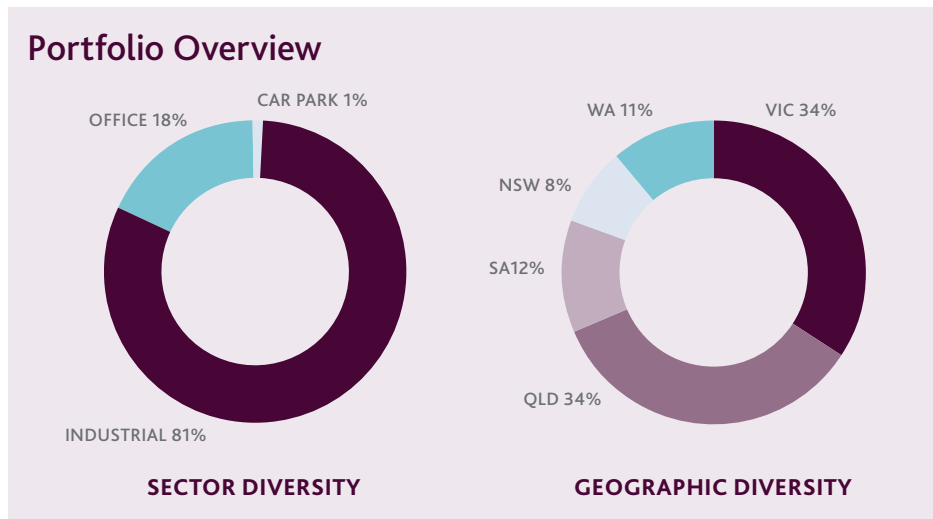

THE GROUP CONTINUED ITS STRATEGY OF:

1. being a "pure" landlord with no funds management, development or lending operations;
2. holding 100% domestic property assets;
3. focussing on modern, quality, well leased properties with stable tenants to achieve growing distributions and a high payout ratio; and
4. having internalised management via a stapled entity structure ensuring an alignment of the interests of management and security holders and also lower operating costs (when compared to other management structures).

The Group achieved a total return of 28.3% for the year ended 31 December 2010 comprising 10.2% in distributions and 18.1% share appreciation significantly outperforming the major indices for the same period as shown in the graph below.

The Group's major security holder, Growthpoint Properties Limited of South Africa ("GRT"), announced in February 2011 that it had agreed to acquire South Africa's iconic V&A waterfront for around A\$1.4 billion in equal shares with Public Investment Corporation Limited for the South African Government's employee pension fund. V&A Waterfront is a mixed use development, includes retail, office and residential buildings and is South Africa's most visited tourist attraction. This will be South Africa's largest single property transaction and, following this acquisition, GRT will own 427 properties, valued at approximately A\$5.8 billion. GRT is listed on the Johannesburg Stock Exchange and is South Africa's largest listed property company with a market capitalisation in excess of A\$4 billion.

Note: Security holders do not hold any interest in GRT through their holding in the Group.

Acquisition of WorldPark:01, Keswick, South Australia

In December 2010, the Group acquired a newly constructed 5-level, A grade office building on the fringe of the Adelaide CBD for \$46.5 million at an initial yield of 9% with a 12.8 year weighted average lease expiry.

The building has been designed to achieve a 5 Star Green Star and 5.0 NABERS efficiency rating.

The Group has a good working relationship with the developer, Axiom (ASX code: AXI) and holds a first right of refusal over the remaining office buildings to be developed at the WorldPark site in the future. WorldPark:01 was officially opened by the Premier of South Australia on 16 February 2011.

The Group now owns three quality office buildings and will look to diversify into this sector, as well as retail property, over time.
